

HOW TO MAKE A PENGUIN ORNAMENT

- L** TOTAL TIME NEEDED: 1-2 HOURS
E DIFFICULTY: EASY

This inexpensive activity is suitable for all levels of ability, and provides great entertainment.

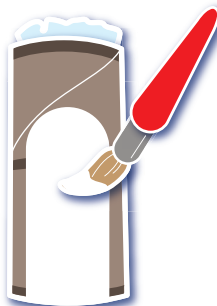

WHAT YOU'LL NEED

1 toilet paper tube
 1 piece of toilet paper
 1 small piece of yellow construction paper
 1 small piece of black construction paper
 Paint (black, white)
 Paint brush
 Googly eyes
 Glue
 Scissors

STEP 1:

Scrunch the piece of toilet paper into a ball with one rounded side and pop it into the open end of the toilet roll tube. This will form the head of your penguin.

STEP 2:

Paint a white tummy on the toilet roll tube, and then paint the rest black, including the head.

STEP 3:

Fold the black construction paper in half, and cut out a wing shape for your penguin. This will mean that both wings are the same size and shape.

Cut a small triangle from the yellow card to form the beak. Fold the yellow card in half, and cut an oval shape. This will make two penguin feet.

STEP 4:

To assemble your penguin, stick the googly eyes onto the top part of the toilet roll tube, above the white painted tummy.

Put some glue on one edge of the triangle and stick this pointing downwards just below the eyes.

STEP 5:

Put a strip of glue on the part of the wings where they will join the body, and stick these either side of the penguin's body.

STEP 6:

Finally, fold over the narrow end of each of the oval feet. Add a strip of glue on the top of the folded edge.

Stick these to the inside of the bottom of the toilet roll tube, so they are neat and tidy.
